MASTER CAMPER VAN

Welcome to New Living Space

03

A new way to efficiently use a limited interior space, both sofa and bed mode provide the best living ability to develop freely. By adopting a reliable manual structure, it becomes a reliable base camp even on a rough journey.

04

Comfortable Experience

The bed space of the Dtch Master Camper Van, larger than the queen-sized bed, helps you sleep comfortably like a luxury hotel anywhere.

Adjust the electric table to the height of the bed

Take out the support from the bottom of the sofa and install

Lay the seat back cushion to the middle.

Storage Space

Master Camper Van prepared a leisurely storage space to store everything you need for your trip, including camping equipment, clothes, shoes, and food.

- 01 Upper storage box
- 02 Kitchen storage box
- 03 Right storage wall
- 04 Entrance storage box
- 05 Left storage box & closet

05 Master's Premium Kitchen

01 90L Refrigerator 02 23L Microwave
03 Ventilation fan 04 2100W Induction

PRIVATE SIGNATURE KITCHEN, ANOTHER LEVEL OF PERFECTION

The main of Dtch's German Technology & Design, it's interior. Among them, the kitchen space in Dtch Master Camper Van provides you best meal even if it snows, rains, and winds.

06 Master's Efficiency & Utility

EFFICIENT MULTI-PURPOSE SPACE COMPOSITION

The interior layout considering the flow of the user's gaze is designed not only for efficiency but also sensitivity. Shower room and kitchen were placed in one space to consider the efficient use of water tanks, and built-in refrigerator and microwave were also placed according to natural movements.

Shower room and kitchen were placed on the side of the car door to complete a comfortable living space.

01 All in one mood lamp with USB combines practicality and sensibility.

02 Film-type floor heating is installed to provide warmth like ondol.

03 Fresh/waste water storage and support for bed installation is under the left seat.

04 The ceiling is opened, providing a pleasant atmosphere and openness.

05 Power outlets support 220V and help you use electronic equipment like home.

06 Various electronic equipment and an unmanned heater is installed under the right seat

07 Master's Infortainment

For more wide space bedroom, 32-inch TV is good enough to watch and enjoy a variety of media.

*Smart TV is separate option.

08

쉽고 빠른 스마트 컨트롤 시스템

Smart Control Panel

MOBILE APPLICATION CONTROL SYSTEM

Display of integrated touch control system and battery information

Germany's advanced UX/UI design helps anyone to check all the information of vehicle and manipulate all lighting devices (brightness adjustable) and convenience functions easily. Optimal service can be provided by Camper Van, and all devices can be operated by mobile application control system.

Master's Cozy Mood Space

- 01 Lighting is one of the most important factors in the living space.
- 02 The indoor mood lights and lighting with a cozy atmosphere create luxury spaces.
- 03 Outdoor waterproof LED bars help you avoid inconvenience during outdoor meals and activities.

09 Master's All in One Bathroom

- 01 The 150L fresh water storage is good enough to travel.
You can check the remaining amount of fresh water at any time through the integrated controller panel.
- 02 All in one toilet equipped with a towel & tissue hanger, fixed toilet, shower, shelves.
It provides a very ample space for one adult.
- 03 Bathroom fan provides a pleasant toilet interior throughout the four seasons.
- 04 The rotary toilet can be rotated for suitable purpose when using before/after. In addition, the toilet can be locked through an internal device after use to prevent the smell of sewage and dirt from inside.

DTCH
GmbH

DEUTSCHE TECHNOLOGY & DESIGN GROUP

Adding emotions to camping,
always pursues wonderful trip.
Master Camper Van

The true face of the Master Camper van begins with a small break. You can rest without interference from anyone where you want to stay. A design that blends with the surrounding environment will not interfere with your rest.

10

Details are important for a perfect trip

Option Detail

LARGE SIZE ELECTRIC AWNING (350X250)

The electric awning can be operated by remote control, so anyone can easily and quickly create a resting place from sunlight and rain. In addition, LED lights that can adjust the brightness at night can brighten the outside space to provide a perfect atmosphere.
